## <u>CGN TEST</u> Canine Good Neighbor

The Canine Good Neighbor Test (CGN Test) is a test developed by the Canadian Kennel Club (CKC) that is open to all dogs, regardless of breeding. The test requires you and your dog to complete 12 exercises which demonstrate your ability to control your dog and your dog's ability to demonstrate good manners in everyday situations. The objectives of the CKC Canine Good Neighbor program are three-fold

- 1. To increase awareness and appreciation of dogs as valued, contributing members of society.
- 2. To assist in teaching and promoting responsible dog ownership.3
- 3. To certify that dogs conduct themselves in a manner which is reliable and trustworthy in situations encountered in everyday living, be it around people, at home, in public, or in the presence of other dogs.
- 4. CKC Certification included for "pass" competition
- 5. Mixed breeds welcome
